Health and Wellbeing Alliance SA

Collectively, HaWASA covers all of South Australia with each Member having over 25 years of experience working with GPs, AHPs and local communities to build sustainable health and wellbeing services across SA. We stand ready to build partnerships that will:

- Improve the patient journey through integrated and coordinated care to ensure our clients get the appropriate care in a timely manner.
- Develop a stronger focus on health promotion and early intervention.
- Work to make the health system function seamlessly for patients, through links with Local Health Networks and Primary Health Networks, so that primary health care is a part of an integrated health system.
- Work collegially to address the challenges caused by a fragmented health system.

The health and wellbeing of all South Australians is our business

Together we ensure that our services demonstrate

Acceptability

We provide services that are respectful, culturally safe and responsive to consumer needs, preferences and expectations.

Accessibility

Our services are easily located to address the challenge of access for rural communities.

Appropriateness

High quality, evidence based practice is the foundation of all our services.

Effectiveness

To ensure optimal front-line service delivery, our services are evaluated to ensure cost-effectiveness and minimal corporate overheads.

Safety

All HaWASA members are fully accredited against all relevant quality and safety standards.

What is the Health and Wellbeing Alliance SA?

The Health and Wellbeing Alliance SA (HaWASA) is a collective of primary care organisations dedicated to providing better quality, better outcomes and better value in the provision of integrated services and support for our shared communities.

As an Alliance we will work with partners, funders and health planners to improve the quality of life for all South Australians.

About us

Country & Outback health is a not-for-profit organisation that provides a range of mental health, general health and NDIS support services to South Australians living in rural and regional areas.

FocusOne Health is a locally run not for profit organisation providing a range of programs and services that aim to raise awareness and improve health outcome of the community.

Murray Mallee General Practice Network is the preferred provider for primary health care services, including mental health, youth mental health and continuing professional development, in the Murray Mallee area.

Sonder delivers high quality mental health, community health, employment support and Aboriginal health services in the Gawler-Barossa region, Yorke Peninsula and across metropolitan Adelaide.

Summit Health improves the health of our community by supporting local General Practices, GPs and their staff, and providing clinical services in Adelaide Hills, Fleurieu and Kangaroo Island.
