

ADHD Assessment- Patient Information

Section A – ADHD Assessment Process

Participation in the assessment process does not guarantee a diagnosis of ADHD or prescription of stimulant medication. Diagnosis and treatment occur only if full diagnostic criteria are met and all required investigations are completed.

Assessment Structure/ Fees

The following appointment structure outlines a typical schedule for ADHD assessment, treatment initiation, and ongoing management in general practice. Please note that concession/pension rates do not apply to these appointments. Payment in full is expected on the day of the consult. Non-payment will result in the termination of the assessment process.

Appointment Type	Description	MBS Item	Total Cost	Medicare Rebate	Gap Amount	Appointment Type	Children 8yrs to 15yrs
